French Do Heavy Damage to Enemy In Balkans.

## The Germans Raid Dunkirk--Guerilla Warfare Now.

Monastir and Glevelli, southern Serbian towns held by the Teutonic allies, have been attacked again by a squadron of French aeroplanes. Bombardment of Nancy, France, by the Germans has been renewed. Aside from these minor happenings the military situation is virtually unchanged. On the principal fronts the great bulk of the armed millions remains inactive, with only aerial battles, big gun bombardments and occasional thrusts with small forces of infantry to break the monotony of the deadlock.

The French aerial raid was made by a squadron of 16 aeroplanes, some of which travelled 100 miles to attack the Teutonic defences along the southern border of Serbia. It is estimated unofficially that 100 persons were killed or wounded at Glevelli. All the French machines returned safely.

The bombardment of Nancy was carried on by German guns of long range, as was the case early this month, when, for three days, 15-inch projectiles were hurled into the city, killing six persons and wounding ten. On the present occasion the city apparently has fared less ill. Paris reports that only two persons were wounded. German aeroplanes also attacked the city, but inflicted little damage.

The remnants of Montenegro's troops, driven from their own land, are falling back from Albania, fighting as they go. Apparently the main Montenegrin army, as an organised unit, has ceased to exist, for the cable reports "most of the present hostilities are guerrilla warfare. It is being waged in the mountains by detachments of poorly equipped troops, harassed by Austrian aeroplanes, which are attacking the Montenegrins with machine guns.

The report comes from Constantinople that the famous German field marshal, Baron von Der Goltz, has been appointed commander-in-chief of the Turkish forces in the Caucasus. The field marshal, who was sent from Germany several years ago to reorganize the Turkish army, is one of the most redoubtable of Turkish military leaders, and his appointment doubtless is occasioned by the successes of the Russians in that theatre. The field marshal will be opposed by Grand Duke Nicholas, who, with a reinforced army, had won recently a series of victories which have brought Erzerum within the range of his guns.

## HEROIC RUSS MARCH AGAINST THE TURKS

(By Times Special Cable.)

London, Jan. 24.—Difficulties experienced by the Russians in the Caucasus are described in an officer's narrative received at Petrograd.

"For weeks," the narrative says, "our column at the head of the 11,000 men, which had been marching to Kars, which hurried sheltered foot under drifts, and blew hats to pieces. Our position was most critical when at length we

were ordered to march. A hurricane of proportions was raging when we began to descend the mountain. The men in the column in single file, and forced their way shoulder high through the snow, flinging it to the ground, then being hit them. Unhappily because sheets of ice, and masks of ice covered our faces. Gens were lowered on ropes now not a man was lost. We had our hands in the path with our unexpected appearance produced among the Turks."

## NEW TYPE TETANUS ATTACKS SOLDIERS

(By Times Special Cable.)

Paris, Jan. 25.—Professor Laveran, of the Pasteur Institute, described at a meeting of the Academy of Sciences today a new form of tetanus which has been investigated by Dr. Bayly. It makes its appearance from thirty to fifty days after the wound had been treated, whether the patient had a preventive injection of the serum or

not, and it can occur without apparent cause, and without any visible or more frequently after operation or on the fresh outbreak of inflammation in wounds.

The disease is serious as death occurs in one-third to one-half of the cases. Dr. Bayly recommends that injections of anti-tetanus serum be given every year from the time the wound is first dressed.

## AS A MEMORIAL

Organ in St. James' in Honor of Our Soldiers.

A representative meeting of the congregation of St. James' Anglican Church, East Hamilton, was held on Monday evening to discuss the offer of Mr. Andrew Carnegie to donate \$10,000 towards a pipe organ, on the condition that the congregation raise another \$10,000.

The rector, Rev. G. W. Webb, presided over the meeting, and it was decided to appoint a committee to deal with the procuring and installing of the new organ.

"You have studied political economy, Mr. Carnegie, all right in his place. I'm one of those who believe in keeping business out of politics."—Washington Star.

The organ, costing \$10,000, was to be a memorial to the soldiers who gave their lives for the fact that she knew entirely too much.

## CAAME TO BLOWS

High U. S. Ex-Official Fought in Washington.

(By Times Special Wire.)

Washington, Jan. 25.—Geo. von L. Meyer, former U. S. Secretary of the Navy, and Truxton Beale, former United States Minister to Persia, had a long encounter in front of the Ansonia Metropolitan Club, this morning. Yesterday, before members of the club could intervene the men had exchanged several blows, although, it is said, no one was seriously hurt.

A long-standing disagreement between Mr. Meyer and Mr. Beale came to a climax when they met in the Ansonia this morning. The two men, who had been good friends in their youth, had been estranged for many years.

Mr. Meyer was attended by Dr. Carl T. Grayson, naval aide and physician to President Wilson. One of the former members of the club was slightly bruised, but there was no serious injury. Mr. Beale was bruised, but not seriously.

## WON ONE APPEAL

But the Other Was Dismissed With Costs.

Some time ago George Crane sold a brickyard at Beavemore to the Executor of the Estate for \$16,000, in an alleged agreement that a certain sum be paid down and the remainder at stated intervals. A clause was added that in case the payments were not made the whole would revert to Mr. Crane. The company made a deposit of \$10,000, and was paid in \$10,000 worth of machinery, etc. For a year they worked the yard and then failed. Mr. Crane used the agreement as a reason that he had been taken in, and asked that a quantity of brick was all he had to pay back, and that he be allowed to go on building action against Mr. Wade for recovery of the money which this brickyard had been brought. The action was brought by Mr. George M. Patterson, of Middleton, and judgment for \$6,000 was given, plus interest. W. M. McLennan, for the plaintiff, and Mr. Patterson, for the defendant, argued the case before the Appellate Division allowed the appeal, without costs.

Mr. Crane, suing off this, money due on a note, Crane sold a brick machine to Mr. Hoffmeyer, taking a ten note. When he was paid, Crane took back the machine and sued also for the amount of the note. In that he had a record of \$22. In that he had a record of \$22. His Honor sentenced him to two years.

## GIRL'S FRIENDS WOULD WREAK VENGEANCE

But Samuel Gray is Put Out of Their Reach for Next Two Years.

## FRED CARSON, TOO

Man Who Was Brought Back From Milwaukee Gets a Prison Term.

Two years less one day in Central Prison was the sentence given this morning at the Criminal Court by His Honor Judge Monk to Samuel Gray, who pleaded guilty to having assaulted Bertha Lawrence. The woman was condemned to a year in the month in Beverly Township. Miss Lawrence was going home from church through a dark lane. Gray was in wait, and as soon as he found his hiding place, he leaped out and struck her several times with the handle of a pitchfork. The girl screamed and a nearby farmer, Mr. Lawrence, came to her rescue. In giving sentence, His Honor stated that it was customary to give a man a second chance, but in this case he had given the defendant a full and entire one. The court adjourned until next Monday, when it will be called upon to give the sentence.

The residents in Beverly are considerably incensed against Gray. Some of them think that the man is a scoundrel, but others say that he is a good man, and that the young woman was not to blame.

Mr. Patterson, his attorney, said that Gray would bring his little boy to his grandparents in England. The promises were given to the court.

## ROYAL YACHT A SUB. VICTIM

(By Times Special Cable.)

London, Jan. 25.—A despatch to the "Evening Telegraph" says that a party from Athens says that the royal yacht "Athos," according to reports from Constantinople, was torpedoed in the Bosphorus by a French submarine in the latter part of December. The vessel was seriously injured but is still afloat.

The same despatch states that Field Marshal Baron Kolmar von der Goltz has been appointed commander-in-chief of the Turkish forces in the Caucasus.

Another interesting military exercise will be new to the 8th men will be worked out shortly. It will be moving billets on a very short notice.

This is done a few hours the order is issued and no advance notice is given. Everything pertaining to the battalion is moved. Even the stores and supplies and orderly room and dressers are moved out for a move.

The men pack their entire equipment and dress and bedding out ready. This drill comes in handy when, on the battlefield, they are ordered to change their position.

With regard to the men in the hospitals, the commander-in-chief of the 8th men will be moved behind for the unit that is supposed to take up the position.

This is carried out under a staff officer who arrives from Toronto for the purpose and who makes a thorough inspection. It is usually done in the evening, as the battalion is moved out to a place of safety.

The General points out that the Department receives daily an average of 30,000 documents, which have to be passed upon. The result is that the 8th men are not able to do justice to the demands of the department.

## BEST ASSET

Miss Rose Henderson On Care of  
Dependent Children.

Miss Rose Henderson, of Montreal, prominently connected with the Juvenile Court in that city, addressed a large audience at Wesley Church last evening in the course of her advocacy in favour of the abolition of "homes" for children whose people are unable to support them, and demanded that the Juvenile Court be made an asset to the children, who will make the next generation, and everything should be done to train them to be good citizens. How can a child be expected to grow up without a parent's care to be expected to the benefit of the home or of her parents' care? She also spoke briefly of how these problems may be faced, and on the work of the Juvenile Court in Montreal.

## MAY NOT GET IT

Considerable Mystery Over \$18,  
000 Mayor Walters Claims.

Engineer Sifton and other officials of the Hydro department this morning decided to discuss the letter received from the Provincial power authority concerning the \$18,000 the city is supposed to get back from the commission as surplus for 1915. Under a recent amendment to the Hydro act, it is intended to hire other Hydro commissioners that there was some doubt about all that going into the coffers of the municipality. It looks as if there is going to be some unpleasantness over the matter before it is settled.

## SNOW BLOCKADE

Northern Pacific Coast Railroads  
Are Having Trouble.

(By Times Special Wire)  
Seattle, Wash., Jan. 25.—Heavy  
snow, which began falling in the Cas-  
cade Mountains last night, and con-  
tinues to-day, increased the difficulties  
of all the northern trans-conti-  
nental roads, while, simultaneously,  
has been experienced with the worst  
snow conditions they have experienced  
since 1910. In Canada no overland  
trains have been moved on either the  
Canadian or the Canadian Pacific, while  
on the American side of the boundary the Great North-  
ern's transcontinental line still is  
closed, and the lines have been  
down the mountains Saturday and  
Sunday. The two other American  
lines, the Northern Pacific and the  
Union Pacific, have cleared their  
tracks, and trains are moving without  
serious difficulty.

The Canadian roads have been  
closed, and the work of clearing the  
tracks has been retarded by a shortage  
of men, due to the large number of physically fit who  
have enlisted for service in the war.

## LAZY BRITONS.

Civilians Interested in Germany  
Are Acting Measly.

(By Times Special Wire)  
London, Jan. 25.—The "Daily News"  
yesterday reported that the Ameri-  
can Ambassador to Germany, for the  
first time, has called on the German  
camp for British civilians to  
criticize the laziness of many of those  
who have been working at German  
labor, whatever they sit at in  
offices and listen to concerts, attend  
theatres, and sit in restaurants, and  
drink and enjoy themselves in private  
clubs. The Ambassador said that  
the British Government has been  
receiving a large number of men  
from the United States.

## ARRESTED FOR MILITARY GUARD

John Walton Fined \$5 for Dis-  
orderly Conduct.

Young Girl Given a Chance to Do  
Right.

Charged with assaulting Abraham  
Sebastino and his wife, Antonio In-  
ferrare was fined \$5 by Police Magis-  
trate John J. O'Farrell, and ordered to  
serve two months in jail if he does not  
pay the fine. Inferrare resides at 11  
Stuart street east. Abraham claimed  
that the defendant went to his home,  
and after expressing his thoughts in  
broken curves, tried further to de-  
monstrate his ability with a wash-  
board. Tony pleaded not guilty, but  
as he was unable to give a good  
reason for the way he acted he had  
to take the penalty.

John Walton, 21, Burrough street,  
was fined \$5 for being drunk and  
disorderly. He was taken into custody  
at the Steel Plant, where the  
military guard demanded that he go to  
the guard room, where they were en-  
joying themselves, and when he did  
not do so he was arrested, but  
his plea did not have the necessary  
stamp of earnestness required to con-  
vince the Magistrate of his innocence.

Richard J. D'Amato, 21, of the same  
street, was fined \$5 for assault and  
battery. He was charged with hitting  
a woman in the face.

All that was charged of the late  
Mary Jane White was laid at rest this  
morning in Holy Sepulchre Cemetery,  
the funeral taking place from her  
late residence, 119 Campbell street,  
Hamilton Cemetery. The pall-bearers  
were J. J. Gibbons, H. B. Brown, T. J.  
Adams, Bennett and Murdoch.

street, was fined \$5 for assault and  
battery. He was charged with hitting  
a woman in the face.

The funeral of Mrs. Nelson Mills  
took place this afternoon at 110 Main  
street east, to Hamilton Cemetery, for  
the second time. Mrs. Nelson Mills  
was the widow of Mr. Joseph Mills,  
of the wrong side of the road.

G. O. Jones, 64 Wilson street, for  
neglecting to see that the rear light  
on his auto was lit, had to pay a fine  
of \$5.

Quite a young girl was accused of  
stealing \$5 from her employer. She  
was arrested at the police station by  
Constable Crocker. She took  
the money, and admitted it, and  
bought a skirt and waist. The  
Judge let the girl go to the police  
station, and the pall-bearers were  
Phoenix, W. J. Dow, P. Batteson,  
W. T. Cooper, C. G. Cooper and  
James Phillips.

neglecting to see that the rear light  
on his auto was lit, had to pay a fine  
of \$5.

The funeral of Mrs. Mary Ann Con-  
iam took place yesterday afternoon  
from her late residence, 310 Main  
street east, to Hamilton Cemetery, for  
the second time. Mrs. J. P. Coniam  
and the pall-bearers were  
Moors, Kent, C. Brown, Cummer,  
Marin, Claringhough and Page. There  
were many beautiful floral offerings.

The funeral of Mrs. Elizabeth Holl-  
inger took place yesterday afternoon  
from her late residence, 348 Jackson street,  
to Hamilton Cemetery for interment.  
Vern. Archdeacon Forster officiated  
and the pall-bearers were Mrs. Art.  
Pollington, W. W. Chesser, Geo. and  
Robert Pollington and Hall.

The funeral of Mrs. Verline Lott, infant  
daughter of Wellington Lott, took  
place yesterday morning at 11  
York street from the parents' residence,  
Very Rev. Dean Owen officiated.

(By Times Special Wire)  
Washington, Jan. 25.—Secretary of  
State Lansing has told his day-to-day  
assistant to propose from the  
Senate a bill to bring about a  
settlement of the controversy over the  
sinking of the liner Lusitania. It was  
submitted through Ambassador von  
Bernstorff.

Although strict secrecy surrounds  
the negotiations, it was indicated to-  
day that the proposal might result in  
a satisfactory arrangement on the  
long-standing negotiations on the  
subject.

It is understood that in the latest  
negotiations Germany has agreed to limit  
itself to a general reservation of  
admission of wrongdoing on the part  
of the submarine commander. It is  
also understood that the proposal  
will be very similar to the  
various proposals, and were  
strenuously objected to by President  
Wilson.

It was also said that in its latest  
note to the Berlin Government  
makes some reference to a desire to  
see this country take some action  
regarding the question of the  
sinking of the Lusitania.

Germany, it is said, still  
claims that the torpedoing of the  
Lusitania was an act of reprisal.

British blockade of the American  
coast, it is suggested, for the loss  
of American lives, and indemnity is  
to be demanded.

Attention is called to the fact  
that such a proposal would be  
the result of the result of negotia-  
tions with the United States.

## Record Crowd Will See Rowing Club and Port Colborne Clash Friday

### Advance Sale Has Been Largest in History of Game Here--Visitors Will Bring About Three Hundred Supporters.

The big attraction at the Arena this week will be the Friday night clash between Port Colborne and the local intermediate outfit, for something is at stake for both teams, and one grand contest can be looked for. The Port Colborne outfit must win this game or their chances for group honours will not look bright, while a win for the locals will give them a clear lead for group honours, and once in front, they will be a hard aggregation to beat in any ice. The postponement of last night's game at Port Colborne was a bit disappointing, but the fans of the team will have an opportunity of seeing them clash on Friday night, and those desirous of securing good seats should get out early, as the demand is even larger than the one of two weeks ago, when the same teams clashed, and the Port Colborne excursion will bring along about three hundred fans, which means a record crowd.

Coch Carroll and the boys out last evening, and although the work-out was a light one, every man seemed in fit condition, and should the weather remain this way for the remainder of the week, the Port Colborne team will be in top form. For that aggregation will be unable to get on ice, unless the weather gets cold. Several members of the team, including some of them appear to be first-class hockey players. With the new coach, Coch Carroll expects to build up a strong team, and the intermediate H. A. honors, while the present team is battling away for the senior honours.

One of the new-comers is a boy named Nash, who, according to reports, is a find. He was in Toronto last week, and after a few days, after seeing him work out with an amateur team, offered him a try-out with the Ontarians. He was about to accept, when Monday, Oct. 1, Michael's offered him a chance, and after making a steady berth on the St. Michael team, he was transferred to the Port Colborne firm. He worked for while in the Ontarians, and with one of the Allan Cup teams and played good hockey all season. He has been a member of Hamilton since last summer, but was unable to turn out, owing to business.

There are numerous hockey fans in this city who think Sculler's outfit are making a mistake in placing the present intermediate team in senior competition, and there are others who think the Ontarians, who are winning the honours, in looking over the Toronto teams, there is little difference to be found between the two teams. But the Scullers, like the Argos, have given up all probability the Scullers will make a good record this year. Should they down Berlin, the rest of the journey should not be too hard.

There are many applicants for regular berths on the second intermediate team, being rounded into the St. Michael's. Colborne's team is still room for improvement, and would like to see all hockey players out here to-night. Several teams who have been in the senior last season are out with this team, but there are a few more who played hockey in Hamilton last season, who are expected to come along.

The largest crowd on record will witness the clash between the two teams, and as both teams are evenly matched, the game will be exciting. The soldiers have improved, probably of late, and expect to down the last Friday when the same team clashed.

The Mounties Riffles clash with Bradford at the Arena, to-morrow night, and as both teams are evenly matched, the game will be exciting. The soldiers have improved, probably of late, and expect to down the last Friday when the same team clashed.

## 99 PER CENT. OF HUN MAIL IS NOT LEGAL

Almost All Mail Taken by Britain is Proved to be Counterband of War.

### SLICK SCHEMES

To Evade the Blockade, and Also to Blacken Britain's Reputation.

London, Jan. 24.—Evidence of the extent to which Germany was employing the medium of first-class registered mail for the export and import of every kind of merchandise was shown to the Associated Press correspondent to-day by the postal censor.

The huge floors of a big building in the Kingsway were taken up with tables, on which were loaded articles taken from mail sacks—rubber, jewelry, chemicals, small parts of machinery, and publications and propaganda of all sorts.

The censor told the correspondent that since the rigorous investigation of mail had been commenced, it had been found that not one cent of the outgoing mail from Germany was legitimate, but that it was employed either to spread propaganda or to mislead the public as to the amount of German trade with the rest of the world.

In the propaganda section was found every sort of literature conducive to spreading the German point of view, written in every language, mostly designed for the United States and South America. The mail, he said, was usually reached through Spain, where a thoroughly developed organization exists. Quantities of publications were seized, and the most tentative attempts to stir up trouble in the Moslem countries. These were mostly sent from Germany.

One particularly clever dodge resorted to was in the case of Ford's book, "Criminal England." This had a false cover. The German censoration. The first few pages were actual reprints from the convention; then Ford's book began. Another piece of propaganda was a book on the "British Rule in India," purporting to be published in behalf of the Indian National party by a London publisher who was a German.

The efforts of the German manufacturers of small goods to maintain and spread their trade were also extensive, in attempts to reach South America. All sorts of Pforzheim jewelry, from cheap bracelets to solid and ornate diamond-clad cases and lighters have been seized in huge quantities.

In one package there were twenty-two pieces of silverware with the name of a Havana jeweler printed on the gain lining. The censor's theory was that the South American fleet was in the Atlantic, and that the contraband always be supplied with the same articles which they had been receiving prior to the war. The theory was a direct result of the effectiveness of England's blockade.

Postage on all these articles, which were registered, was paid by the Germans, evidently felt that they could stand the present expense in order that the grip on trade which they had been holding for years should not be lost.

The cleverest device used by one of the firms to notify its customers that postage was paid was to put the name of the same steamer, was an apparently innocent French fashion magazine with numerous illustrations which contained really an invoice of goods shipped, the numbers indicating articles consigned.

The mail for Germany showed an equally lavish use of registered mail. Over 15,000 pounds of rubber, marked "samples without value," was also seized. The rubber was from America. The rubber was enclosed in pound packages, postage on each costing about eleven pence—twenty-five cents. The packages were sent in the same sacks labelled by the South American postal authorities, "newspapers." Attempts to smuggle rubber and other articles inside the newspaper, were the commonest.

Evidence of the shortage of wool in Germany was shown by the fact that contraband, done up in small registered packages, the postage on which exceeded the value of the wool in many cases.

### ONLY THE CONTRABAND.

The censor was insistent that legitimate letters were not interfered with, but only matter which violates the postal conventions. An article in the German press could not be considered prisoners of war, yet England, France, and the United States and all their parcels to be forwarded them without interference. In the extent of the German use of contraband.

Such a use was to an enormous extent the work heaping upon the staff who work in night and day shift, seven days a week.

The censor's time is only about 48 hours despite the pressure of work.

It was said by the censor that a large quantity of contraband destined from Germany by way of Scandinavia had been discovered. All goods seized will go into the British Price Courts.

### RUSSIA FELT EARTHQUAKE.

London, Jan. 24.—The British Government has decided to assist in the development of the coal fields in Russia. In furtherance of this plan the Foreign Office has issued a circular to British officials who are conversant with business conditions in Russia, asking that they attach the British Legation at Moscow, Leningrad, and Rio Janeiro.

### SPRING ON MARS.

Flagstaff, Arizona, Jan. 25.—Five canals in the north polar cap of Mars have been discovered by a team of men at Lowell Observatory. The observation was made by the most conspicuous of these canals, which is the largest in the solar system. The river shows the effects of the vegetation coming through the snow.

ADMIRAL MAY QUIT POST.

## CLUBS WILL DO THEIR PART RECRUITING

Enthusiastic Meeting Held in the  
Y. M. C. A. Building to  
Organize.

### THE 120TH FIRST.

And Then Raise Men for 173rd  
Canadian Highland  
Battalion.

Practically every organization of men in the city of Hamilton will lend its assistance to recruiting. This was evidenced at the meeting at the Y. M. C. A. last evening, at which 64 different clubs—military, church and social—were represented, some by two delegates, others by more. The delegates were practically unanimous in the opinion that the military authorities should undertake to persuade the club members to enlist. The clubs will provide the names and addresses, vocations and home ties, if any, of the club members.

Mayor Walters presided at the gathering, and in opening made a short address, referring to the work already done at the front by Hamilton men, and dwelt on the need for more men and still more men at once. Lieut.-Col. Robertson, chief recruiting officer; Major J. S. Higgins, of the 120th Canadian Highland Battalion; Major Hatch, President of the Hamilton Recruiting League; S. F. Washington, K. C., and Rev. W. G. Martin were present. Major Hatch said that his remarks were along the line that all men who could should go.

Col. Robertson touched on the need to stimulate recruiting on some manner. At the present time the number of soldiers being sworn in was not sufficient to meet the demand from this city. He believed that the organization between the clubs should do a lot of good work in bringing home to those men who had not realized the utter necessity of their enlisting.

Gets Them.

The controllers this morning endorsed the proposal of Mayor Winters in connection with Bell Telephone matters, and also complimented him on succeeding in securing from the company concessions other cities have been unable to get. By taking a firm stand, His Worship has an agreement whereby the phone authorities pay the city \$30,000, this being for charges made the city in the past for the wires over the pipe line, the private property of the municipality. In addition, no more mileage is to be charged. Beach instruments will also be reduced from \$30 to \$15 per annum.

When Mayor Winters and Solicitor Waddell started an investigation a short time ago, following the announcement of the company that it would no longer do business in Hamilton, for the privilege of holding an exclusive franchise, it was found that the city's pipe line was being used by the company and that the latter was charging Hamilton for this use. This was the result of the discovery of an old agreement between ex-City Engineer Barrow and the company allowing the latter to go over the pipe line. No trace of authority for this bargain could be found in civic records.

"We should get power to tax the company for putting its line on the streets," said the adroit Controller Jutten, but no action was taken along this point.

Wm. Headridge complained of the shortage of gas in the east end. He explained that he represented the Ward Eight Improvement Society, the members of which are mostly in the front. He wanted to know what the new National Gas Co. was doing.

"It is a very serious matter and we will look into it," said Controller Morris. "I don't wish to be impertinent at all," said Mr. Headridge, "but I would like to know if you will let me know what is up, as I will be back again to see how you are getting along."

"Come again next week and we'll have something for you," returned the Controller.

Controllers Morris and Jutten will personally go into the situation and will set out to see what new gas company is operating its franchises.

An eloquent plea was made by Controller Morris for the basket-weaving industry, the effects of which have been a great \$100 for a meeting here next month. He asserted that the contractors had been hit hard and were worthy of sympathy. The Controller suggested after Controller Morris advised the adoption of a system whereby there will be a standard state of donations, according to number, of dollars.

There was no discussion regarding the report of the Dominion Railway Commissioners' engineer agent that a change being made in the grade of the T. H. & B. "move that we take it until we have time to consider it," suggested Controller Morris. "This was done."

"Who gets this money?" the Mayor asked, when the Legislation Committee suggested that the money be dedicated to increase war taxes.

"The Province," Controller Robson responded. "I wish you chaps down there would devote your time to digging up money for the city," laughed the Mayor.

City Engineer Macallum was instructed to prepare a map of the pipe line, showing all the property the city owns there. Mr. Winters feels that there is a possibility of the company leasing land it has by others using it unmolested for long periods.

City Solicitor Waddell submitted to the board a letter from the Canadian Carriers' Association, dated for Dec. 6, 1915, which the company agreed to donate to the Playgrounds Association when it was allowed to purchase part of the old Sheppard's avenue park for extensions to the plant.

An annual fee of \$100 was strongly recommended by the committee on the sidewalk, the desire being to curtail the number of these. The Legislation Committee will again go into this question.

The Controllers hesitated to give the Canadian Carriers' Association the entertainment of delegates to a convention in March. They first want to know how many will be here.

Lieut.-Col. W. W. Stewart thanked Mayor Winters and the Controllers for the city's thoughtfulness in giving soldiers free treatment at the city hospital.

City Engineer Macallum asked to be allowed to attend the annual meeting of the Canadian Association of Civil Engineers at Montreal next month and 23. Permission was granted.

**GREEN OFFICERS' DUEL.**  
(By Special Cable.)

Athens, Jan. 24, via Paris, Jan. 25.—A duel occurred late yesterday between two naval officers, Captain and Mr. M. M. M. Courtemont, was wounded.

The disagreement grew out of the forced resignation of M. Meiss' brother as Secretary to King Constantine as a result of his political opinions.
